

## Prelude-LML - Feature #314

### [idmef-criteria] support at end node

09/12/2008 05:37 PM -

<b>Status:</b> Closed	<b>Start date:</b>
<b>Priority:</b> Normal	<b>Due date:</b>
<b>Assignee:</b>	<b>% Done:</b> 0%
<b>Category:</b>	<b>Estimated time:</b> 0.00 hour
<b>Target version:</b> 0.9.14	
<b>Resolution:</b> worksforme	

**Description**

It will be fine if this support exists since I have a lot of almost the same messages from all nodes about the same alert - successful login of backup user. It logs in frequently on all nodes so a lot of messages may be filtered without sending them to prelude-manager.

### History

#### #1 - 09/19/2008 04:22 PM - Yoann VANDOORSELAERE

Wouldn't a Prelude-LML **pass** rule, do what you are looking for?

#### #2 - 10/15/2008 03:07 PM - Yoann VANDOORSELAERE

- Status changed from New to Closed

- Resolution set to worksforme

Replying to [comment:1 yoann]:

Wouldn't a Prelude-LML **pass** rule, do what you are looking for?

By **pass** rule, I meant a "silent" rule:

```
regex=myregex; silent; last
```

Marking as workforme, please let us know if this doesn't solve your problem.

#### #3 - 04/29/2009 12:21 PM - Yoann VANDOORSELAERE

- Project changed from PRELUDE SIEM to Prelude-LML

- Category deleted (4)

- Target version deleted (0.9.14)
