

Libprelude - Bug #50

libprelude doesn't check for yacc

11/09/2004 10:21 AM - Sebastien Tricaud

Status:	Closed	Start date:	
Priority:	Normal	Due date:	
Assignee:	Yoann VANDOORSELAERE	% Done:	0%
Category:		Estimated time:	0.00 hour
Target version:			
Resolution:	fixed		
Description			
libprelude's configure.in doesn't check is yacc is present in the system. As a result the compilation fails.			

History

#1 - 11/09/2004 10:49 AM - Sebastien Tricaud

it doesn't check for lex too.

errors returned:

```
../src/.libs/libprelude.so: undefined reference to 'yy_scan_string'  
../src/.libs/libprelude.so: undefined reference to 'yylex'
```

installing flex resolve this issue

#2 - 11/09/2004 10:51 AM - Sebastien Tricaud

Doesn't check for python nor perl either in order to build the bindings: errors while compiling

#3 - 11/09/2004 05:11 PM - Yoann VANDOORSELAERE

- Status changed from New to Closed

- Resolution set to fixed

You are supposed to have flex/yacc installed when compiling from SVN. However, when making a dist, the generated files are included, so the check is not needed.

Nicolas just fixed the python/perl bit in r4355 and r4356

#4 - 04/29/2009 12:26 PM - Yoann VANDOORSELAERE

- Project changed from PRELUDE SIEM to Libprelude
